

1

Please join the glass fibre rods for the upper and lower ring. The enclosed print is finished with a sleeve at the top and bottom edge. The sleeve at the top edge consist of slits for combining the rods with the steel rope.

2

Please slide the rods into the sleeve and fasten the steel rope to the rods.

3

After joining all glass fibre rods please connect both ends in order to create a circle. Please repeat the above steps in order to assemble the bottom ring.

4

The Cylinder Economy can be hung from the ceiling by fixing the various steel ropes to a hook.

5

Ready!
